2. [how to hide bottom ribbon in windows](#)

To keep everybody's minds on computer commands instead of seaweed salad, Windows places menus inside a tab-filled Ribbon that lives atop every folder.. Any unavailable options are grayed out, like the Print option here (Because you can't print music files, that option is grayed out.. The Ribbon's tabs each offer different options To reveal the secret options, click any tab — Share,for example..)If you accidentally click the wrong tab on the Ribbon, causing the wrong commands to leap onto the screen, simply click the tab you really wanted.
